

WH Shift Lead Cologne (f/m/d)

Gorillas Technologies GmbH

Who are we?

We are Gorillas & we are on a mission to redefine convenience retail. We are a passionate and experienced founding team with previous start-up experience and roots at Bain & Company and HelloFresh. We are backed by one of the most prominent early-stage Venture Capital firms to fuel our growth. We have recently launched our product and are now recruiting our first key employees. We are now looking for a **Warehouse Shift Lead** to join us on this journey.

Your responsibilities will include:

- You will lead & develop a team taking care of the warehouse operations while assisting with tasks as necessary
- You will assist the warehouse manager and make sure that processes are implemented correctly
- You will be responsible for strategic demand planning & inventory accuracy of your warehouse
- You will be responsible for incoming shipments & communication within your team
- You will ensure optimal product quality and high customer satisfaction
- You will work together with our procurement department and rider managers
- You will manage riders and pick & packers in your warehouse

Your profile:

- You have worked in a professional role in a similar environment (FMCG/Retail experience is a big plus)
- You have strong operations management skills
- You have a hands-on mentality
- You are familiar with the grocery retail space
- You have very good communication skills and a high proficiency in both written and spoken English

What we offer:

- Steep learning curve from day one
- Great opportunity to build something you are proud of
- Transparent company culture with flat hierarchies & a super cool team

This is a unique opportunity to be part of a Start-Up from day one and to have a real impact on the company's success and growth. We are very much committed to invest in your learning curve!

If this sounds like a perfect fit for you, don't hesitate to contact us at fabian.willkomm@gorillasapp.com or apply on our website <https://gorillas.recruitee.com>!
